20th Annual Southern Regional Conference on
Diabetes, Obesity & Cardiovascular Disease

Reversing the Epidemics
May 26-29, 2005
Hyatt Regency Grand Cypress Resort, Orlando, Florida

www.diabetes.org/src05
Who Should Attend
The sessions offered at the Southern Regional Conference have been designed specifically for primary care physicians, diabetologists, nurses, dietitians, psychologists, pharmacists and other health care professionals who care for patients with diabetes and who manage the complications related to this disease.

Learner Objectives
At the end of this activity, the attendees should be able to:
• Describe the health and economic implications of diabetes, obesity and cardiovascular disease
• Discuss the latest research regarding primary and secondary prevention of diabetes, including the best treatment strategies for improving glycemic control and reducing complications
• Explain the neuroendocrine regulation of obesity and analyze different treatment interventions
• Review the role of inflammation, oxidative stress and other unique aspects of clinical features of heart disease and diabetes
• Make The Link between diabetes and cardiovascular disease and develop treatment plans based on the ABCs of diabetes
• Explain intervention strategies for school aged children with type 1 and type 2 diabetes
• Provide evidence-based data on the salutary effects of intensive insulin therapy on reducing morbidity and mortality and develop strategies to improve management of diabetes using insulin, including intensive care, pump therapy and overcoming insulin phobia
• Interpret scientific data and research on diet, alternative medicines and exercise and apply motivational techniques to improve outcomes in patients with diabetes
• Develop culturally competent lifestyle interventions to encourage patients to exercise and eat healthier through a better understanding of physical activity and metabolic control and the role of exercise in body weight management.

Registration
You may register for the entire conference or for one-day only. For your convenience, you may register for the 20th Annual Southern Regional Conference in four (4) easy ways - online, by fax, by mail or on site, if space is still available. Payments may be made using check, money order, American Express, Discover, MasterCard, or Visa. Checks and money orders must be made payable to the American Diabetes Association and must be made payable in U.S funds, and drawn on a U.S bank. NO WIRE TRANSFERS PLEASE.

Please do not fax your registration if you have already sent it by mail. If your registration can not be postmarked by May 16, 2005, please plan to register on site or online (no later than May 20). Registration will not be processed or confirmed until payment has been received.

Registration fees are listed on the registration form, and include course materials and admission to all sessions and workshops. Students, residents and fellows must provide certification of status to obtain reduced rates.

Visa Requirements
Visa requirements are changing rapidly in today's environment. Please refer to the web site of the Department of Immigration and Naturalization offices for the most up to date information. It is the sole responsibility of the attendee to obtain the necessary paperwork for entry to the United States. There are a great number of countries that qualify for the Visa Waiver Program when traveling to the US.

To obtain a Letter of Invitation for your Visa application you must be a fully registered (including payment) attendee for the 20th Annual Southern Regional Conference. To request this letter, please send an email request to: pellis@diabetes.org or fax a written request to: 407-660-1080. Please note that this letter does not guarantee that you will be granted a visa, nor does it commit ADA to pay any expenses you may incur. This invitation implies no obligation by the American Diabetes Association to cover registration fees, accommodation, travel expenses or any other costs associated with participation in this meeting. Please note that the American Diabetes Association is not able to contact U.S. Embassies on behalf of any individual attempting to gain entry into the United States to attend this conference.

All Letters of Invitation are sent via Airmail. For security purposes, we do not email letters.

If you request an expedited letter, it will be sent via FedEx only if you provide a FedEx billing account number or a credit card and expiration date for shipping charges.

Dress Code
We encourage participants to dress comfortably in business casual attire. The meeting room temperatures may fluctuate. You may want to bring a sweater or jacket to the sessions.

Local Weather & Tourist Information
Temperatures in Orlando, Florida in May include average highs of 88 and lows of 66 degrees Fahrenheit.

Want personal attention in planning your trip? Call an Orlando Convention and Visitor Bureau official travel counselor at 1-800-643-9492, or visit their web site at www.orlandoinfo.com.
Pamela Arnold, MSN APRN BC-ADM CDE
Diabetes Institute of South Carolina, Diabetes Center, Charleston, SC.

J. Atilio Canas, MD
Nemours Children’s Clinic, Division of Endocrinology Jacksonville, FL.

Louis B. Chaykin, MD
Clinical Associate Professor of Medicine, Internal Medicine & Endocrinology, University of Miami School of Medicine, Miami, FL; Clinical Associate Professor of Medicine, Nova Southeastern University of Health Sciences; Senior Attending Physician, Aventura Hospital and Medical Center; Private Practice, Aventura, FL.

Samuel Dago-Jack, MD
Professor of Medicine, Director, Endocrinology Training Program, Division of Endocrinology, Diabetes & Metabolism, University of Tennessee College of Medicine; Associate Director, General Clinical Research Center, University of Tennessee Health Science Center, Memphis, TN.

Paresh Dandona, FRCP, MD, PhD
Head, Division of Endocrinology; Professor of Medicine and Pharmacology, State University of New York; Founder and Director, Diabetes-Endocrinology Center of Western New York, Head, Division of Endocrinology, Kaleida Health/Millard Fillmore Hospital, Buffalo, NY.

Larry C. Deeb, MD
President Elect, American Diabetes Association; Pediatric Endocrinologist, Tallahassee, FL.

Debra Dudley, RN, CDE, BS
President and Director of Education, Diabetes Education Sources, LLC, Naples/Sarasota, FL.

Steven Edelman, MD
Professor of Medicine, Division of Endocrinology and Metabolism, University of California, San Diego; Director, Diabetes Care Clinic, Veterans Affairs Medical Center, San Diego, CA.

Arjana Etchason, RD, LD, CDE
Diabetes Education Coordinator, Saint Joseph’s Diabetes Center; Coordinating Director, Kennesaw State University/Saint Joseph’s Hospital, Diabetes Education Program, Atlanta, GA.

Theodore Feldman, MD
Cardiovascular Associates of South Florida; Wellness and Prevention Center, Miami Cardiac and Vascular Institute; Baptist health System of South Florida, Miami, FL.

Larry A. Fox, MD
Medical Director, Northeast Florida Pediatric Diabetes Center at Wolfson Children’s Hospital; Consultant, Pediatric Endocrinology, Nemours Children’s Clinic; Assistant Professor of Pediatrics, Mayo Medical School, Jacksonville, FL.

James R. Gavin III, MD, PhD
Clinical Professor of Medicine and Senior Health Advisor on Health Affairs, Emory University School of Medicine, Atlanta, Georgia; Chair, National Diabetes Education Program; Board of Trustees, Duke University; Board of Trustees, Emory University; Reserve Officer, U.S. Public Health Service.

Neil F. Gordon, MD, PhD, MPH
Medical Director, Center for Heart Disease Prevention, St. Joseph’s/Candler Health System; Clinical Professor of Medicine, Emory University School of Medicine, Atlanta, GA; President, INTERxVENTUSA, Inc., Savannah, GA.

George D. Harris, MS, MD
Truman Medical Center, Department of Community and Family Medicine; Associate Professor, University of Missouri, Kansas City, MO.

Frank B. Hu, MD, PhD
Associate Professor of Nutrition and Epidemiology, Harvard School of Public Health; Director, Boston Obesity Nutrition Research Center Epidemiology Core; Assistant Professor of Medicine, Channing Laboratory, Brigham and Women’s Hospital at Harvard Medical School, Boston, MA.

Carolyn Holbrook Jenkins, MS, MSN, CDE, RD, RN, BC, APRN-BC-ADM, DrPH, FAAN
Instructor-Associate Professor, College of Nursing, Medical University of South Carolina, College of Nursing; Outreach Director and Associate Professor, College of Medicine Diabetes Initiative, Charleston, SC.

Abbas E. Kitabchi, PhD, MD
Professor of Medicine and Molecular Sciences; Director, Division of Endocrinology, Diabetes and Metabolism, The University of Tennessee Health Science Center; Chief, Endocrinology and Diabetes Services, University of Tennessee, William F. Bowld Hospital, Memphis, TN.

Robert F. Kushner, MS, MS
Professor of Medicine, The Feinberg School of Medicine of Northwestern University; Medical Director, Wellness Institute, Northwestern Memorial Hospital; Chairman, Nutrition Subcommitte, Northwestern Memorial Hospital, Chicago, IL.

Nicholas Loom, MB, BCh, BAO
Medical Director, Dialysis Services Group of Hilton Head; Private Practice, Hilton Head, SC.

Atul K. Madan, MD
Assistant Professor, Department of Surgery; Chief & Program Director, Minimally Invasive Surgery Section of General Surgery, University of Tennessee, Memphis; Director, Bariatric Program, Mid-South Center for Minimally Invasive Surgery, UT Medical Group, Inc., Memphis, TN.

Francieni Morales, PharmD
Diabetes Scientific Manager, Sanofi Aventis Pharmaceuticals, Inc., Plantation, FL.

Christopher Morrison, PhD
Assistant Professor, Neurosignaling Laboratory, Pennington Biomedical Research Center, Baton Rouge, LA.

Laura Shane-McWhorter, PharmD, BCPS, FACP, CDE, BC-ADM
Professor (Clinical), Department of Pharmacotherapy, Associate Professor (Clinical), Department of Pharmacy, University of Utah College of Pharmacy, Salt Lake City, Utah.

Jay S. Skyler, MD
Professor of Medicine, Pediatrics, & Psychology, Division of Endocrinology, Diabetes, & Metabolism, University of Miami School of Medicine; Program Director of the General Clinical Research Center, University of Miami; Associate Director for Academic Programs, Diabetes Research Institute, Miami, FL; Chairman, NIDDK Type 1 Diabetes TrialNet Study Group.

Burton E. Sobel, MD
Director, The Cardiovascular Center at Fletcher Allen Health Care and The University of Vermont, E. L. Amidon Professor and Chair, Department of Medicine and Professor of Biochemistry, University of Vermont, Burlington, VT.

Guillermo Umpierrez, MD
Associate Professor of Medicine, Emory University School of Medicine; Director, Diabetes and Endocrinology, Grady Health Care System, Atlanta, GA.

J. Rodolfo Vargas, MD
Chief of Endocrine Section and Director of Diabetes Unit, AMI Brookwood Medical Center; Physician, Diabetes & Endocrinology Associates; Founder and President, F.O.R. Nicaraguan Health, Inc., Birmingham, AL.

Sandra Weber, MD
Associate Director of Internal Medicine, Greenville Hospital System; Associate Professor, Department of Medicine, USC Greenville, Greenville, SC.

Russell D. White, MD
Staff Physician, Florida Institute of Family Medicine, P.C., BAYWAY Family Practice; Medical Director; Director of Event Medicine, Tropicana Field; Staff Physician, Wound Healing Center & Hyperbaric Oxygen Therapy, St. Anthony’s Hospital, St. Petersburg, FL.

Charles James Woody, OD, PhD
Private Practice, Pelham Vision Center, Greer, SC.

Bernard Zinman, MD, MCM
Director, Leadership Sinai Centre for Diabetes, Professor of Medicine, University of Toronto.

Planning Committee

Louis B. Chaykin, MD, Co-Chair, Aventura, FL.
Sandra Weber, MD Co-Chair, Greenville, SC.
Debra Dudley, MS, RN, CDE, Naples, FL.
Arjana Etchason, RD LD CDE, Atlanta, GA.
Larry Fox, MD, Jacksonville, FL.
J. Atilio Canas, III, MD PhD, Atlanta, GA.
George D. Harris, MD MS, Lee’s Summit, MO.
Abbas E. Kitibachi, PhD MD, Memphis, TN.
Judy Loon, RN CDE, Hilton Head, SC.
Francie Morales, PharmD, (Ex-Officio), Plantation, FL.

Pauline E. Ellis, Program Director, American Diabetes Association, Maitland, FL.
Cesar Cesario, Associate, American Diabetes Association, Maitland, FL.

**Accreditation & Continuing Education**

Certificates and Statements of Credit will be distributed at the Registration/Information Desk between 10:00 AM and 1:00 PM on Sunday, May 29, 2005, or at 5:00 PM on Friday and Saturday for those people attending one-day only.

**Physicians**

The American Diabetes Association is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The American Diabetes Association designates this continuing medical education activity for a maximum of 17.5 hours in Category 1 Credit toward the Physician's Recognition Award of the American Medical Association. Each physician should claim only those hours of credit that he/she spent in the educational activity.

The American Medical Association has determined that physicians not licensed in the U.S. who participate in this CME activity are eligible for AMA PRA category 1 credit.

**Osteopaths:** An application for a maximum of 17.5 hours has been submitted to the American Osteopathic Association.

**Family Practice:** An Application has been submitted to the American Academy of Family Physicians for up to 17.5 Prescribed credit hours.

**Nurses**

The American Diabetes Association is approved as a provider of continuing education in nursing by the Virginia Nurses Association (VNA) which is accredited as an approver of continuing education in nursing by the American Nurses' Credentialing Center's Commission on Accreditation. The American Diabetes Association is located at 1701 North Beauregard Street, Alexandria, VA 22311. VNA Provider Number: 04-03-02. This education activity is approved by the Virginia Nurses Association (VNA) which is accredited by the American Nurses Credentialing Center's Commission on Accreditation as an approver of continuing Education in Nursing for a maximum of 21 VNA Contact Hours. The VNA is located at 7113 Three Chopt Road, Suite 204, Richmond, VA 23226.

The American Diabetes Association is also a provider approved by the California Board of Registered Nursing, Provider No. CEP-12196, for 17.5 contact hours.

**Dietitians**

The American Diabetes Association has applied to the Commission on Dietetic Registration (CDR) for 17.5 hours of continuing education credit + 1 hour for exhibits.

**Pharmacists**

The American Diabetes Association is accredited by the American Council on Pharmacy Education as a provider of continuing pharmacy education. This activity provides up to 17.5 contact hours of continuing pharmacy education credit. The ACPE program number is 239-000-05-001-L01. Each pharmacist should claim only those hours of credit that he/she spent in the education activity.

**Registration and Contact Information**

Register early and get a discount. The early registration deadline is March 26, 2005. Mail registration and payment to:

**SRC Registration**

American Diabetes Association  
1101 N Lake Destiny Road, Suite 415  
Maitland, FL 32751

For the latest information, visit the conference website at www.diabetes.org/src05. Questions? Call 407-660-1926 ext. 3037 or 3026.

**Hotel Information**

The Hyatt Regency Grand Cypress hotel sets the standard for Orlando hotels with a magnificent, self-contained 1,500-acre paradise in the Lake Buena Vista area. Adjacent to EPCOT and Walt Disney World Resort, the Orlando hotel offers a private lake, golf, and miles of tropical nature trails for bicycling, horseback riding, and jogging.

The Hyatt Regency Grand Cypress is just six miles from Orlando/Orange County Convention Center and 15 miles from the business district. For more information, go to www.hyattregencygrandcypress.com/

**Address & Directions:** Hyatt Regency Grand Cypress, One Grand Cypress Boulevard, Orlando, Florida 32836.

From Orlando International Airport:  
Take Beeline Expressway West (528 West) to 1-4 West. Take I-4 West to Exit 68 (Lake Buena Vista), turn right off the exit and proceed to second traffic light, turn left at light to hotel entrance.

**Room Rates and Reservations**

Reservations should be made directly with the hotel by calling (407) 239-1234.

**GUEST ROOM RATES:** The Hotel confirms the following special guest room rates for this conference:

- Single Occupancy: $139.00
- Double Occupancy: $139.00
- Regency Club: $239.00

Room rates are quoted exclusive of applicable state and local taxes (which are currently 11.5%) or applicable service, or Resort Service Program fee. Rates will be available three (3) days pre and post of official meeting dates, based on room availability.

**RESORT SERVICES PROGRAM:** The Resort Services Program provides use of resort activities and amenities including:

- high-speed internet in all guest rooms, in-room safe, unlimited access for local, 800 or 888 calls and in-state credit card calls, unlimited use of the Health Club, 9-hole Pitch & Putt course, golf driving range access, court time at the Racquet Club, all water sports including non-motorized boats (Hydrobikes, sail boats, paddle boats and canoes), as well as resort bicycles and quadricycles and daily shuttle transportation to the Disney Theme Parks, Universal Studios/Islands of Adventure and Sea World. This daily fee is currently $10.00 per room (not per person), per day.

Pre-Conference Workshop

Diabetes in the Latino Population: A Case-based Approach to Optimal Management

Thursday, May 26, 2005, 1:00 - 5:00 pm
Hyatt Regency Grand Cypress Resort, Orlando, Florida

In conjunction with ADA's 20th Annual Southern Regional Conference
Registration is Free but RSVP is Required!
To RSVP send your complete contact information to
Audrey Shively at latinocep@diabetes.org.

Who Should Attend?
This Latino focused seminar is designed specifically for healthcare professionals working with this unique and challenging population. Through a Case Study approach, the activity will present strategies to improve patient outcomes related to diabetes and its complications and overcome barriers to improving patient care for Latino patients. This activity will address Latino-specific impacts of:
• Early diagnosis and treatment
• Macro- and microvascular complications
• Nutrition, physical activity, and obesity
• Cultural dynamics
• Barriers to effective care

Learner Objectives
At the end of this seminar attendees will be able to:
• Pinpoint the medical, social, and economic ways in which diabetes impacts the Latino population;
• Utilize current standards of care for the detection of diabetes and the monitoring of complications of diabetes in the Latino patient;
• Discuss current treatment options to maximize glycemic, blood pressure, and lipid control in order to minimize the complications of diabetes in the Latino patient;
• Identify strategies to overcome cultural barriers to improving patient care in the Latino population.

Acknowledgements
This educational activity is supported in part by educational grants from:

Eli Lilly and Company
Disetronic Medical Systems, Inc.
Merck and Company
Novo Nordisk Pharmaceuticals
Pfizer, Inc.
